Yash Kolekar

Agentic AI Developer | Software Development, SDLC, Testing | LangGraph, CrewAI, Python

Phone: 8883160707 | Email: yash.kolekar1010@gmail.com | Location: Pune, India

LinkedIn: linkedin.com/in/yash-kolekar-736164216 | Portfolio: yashkolekar1010-cmyk.github.io

Summary

Agentic AI Developer with 2+ years of experience in software development, building AI agents and Retrieval-Augmented Generation (RAG) solutions in Python. Translates business requirements into documented, tested systems across the Software Development Life Cycle (SDLC) with stakeholders. Based in Pune, available immediately for on-site work.

Skills

AI Agents & Retrieval: Agentic AI, LangGraph, LangChain, CrewAI, tool calling, multi-agent orchestration, RAG
Programming: Python, SQL
Backend & APIs: FastAPI, REST APIs, microservices, Flask (basic), React (basic)
GenAI & LLMs: GenAI, LLMs, prompt engineering, LoRA/PEFT fine-tuning, HuggingFace Transformers, Ollama, OpenAI
ML, Deep Learning & NLP: Scikit-learn, PyTorch, TensorFlow, XGBoost, NLP, pandas, NumPy, Keras (basic)
Data & Databases: SQL, ETL, MySQL, PostgreSQL, MongoDB, vector databases (Pinecone, FAISS, ChromaDB)
Cloud, DevOps & MLOps: AWS, Docker, Jenkins, CI/CD, Git, PyTest, MLflow (basic)
Methods & Practices: SDLC, Agile, code reviews, unit testing, documentation, troubleshooting, requirement gathering

Experience

Data Scientist Sep 2026 – Present
Infosys *Bengaluru, India*

- Designs and develops LLM-powered AIOps assistant over operations data using RAG and semantic search.
- Develops and integrates Python backend services and REST APIs supporting the AI platform.
- Collaborates with stakeholders on documentation, troubleshooting, production support, resolving issues.

AI Engineer (6-month Contract) Apr 2026 – Sep 2026
Webcrypt Technology *Pune, India*

- Designed and implemented Agentic AI applications with LangChain, LangGraph and CrewAI agents.
- Designed RAG pipelines: document processing, chunking, embeddings, semantic search and retrieval.
- Improved LLM response accuracy through prompt engineering, retrieval tuning and LoRA fine-tuning.
- Built production-ready FastAPI backend services and REST APIs; deployed with Docker and AWS.
- Implemented CI/CD for automated testing and deployment; supported model monitoring, performance tracking.

ML Implementation Specialist Jan 2025 – Mar 2026
HotelKey Ind Pvt Ltd *Nagpur, India*

- Developed RAG-based chatbots and NLP applications using Python, LangChain and HuggingFace Transformers.
- Developed and deployed FastAPI microservices integrating ML models with backend apps via REST APIs.
- Automated build, testing and deployment workflows using Jenkins, Docker and CI/CD.
- Automated tests with PyTest, driving continuous improvement in reliability and release quality.
- Designed SQL and ETL pipelines for high-volume data; troubleshot and resolved production issues.

Associate AI Engineer Feb 2024 – Dec 2024
Starlite Infotech *Pune, India*

- Developed and maintained Python applications and scripts supporting AI/ML workflows.
- Built and evaluated baseline ML models for classification, regression with Scikit-learn, pandas, NumPy.
- Prototyped NLP text-processing tasks: tokenization, embeddings and early semantic search.
- Wrote SQL queries and integrated ML scripts with backend APIs for data extraction.
- Followed software development practices: Git, code reviews, debugging, unit testing, documentation.

Projects

Student Enrollment Assistant Agent *Python, LLM tool calling, agent loop*

- Built prototype admissions agent using tool calls, multi-turn memory and human-counselor escalation.

Enterprise RAG + AI Agent Platform *LangChain, LangGraph, OpenAI, Pinecone, FastAPI, AWS*

- Implemented Agentic AI platform with RAG retrieval and LangGraph agents on FastAPI and AWS.

QuantScan PRO *Python, Scikit-learn, FastAPI, MySQL, React*

- Developed predictive scoring engine with Scikit-learn, FastAPI backend, MySQL storage and React UI.

Education & Certifications

Bachelor of Technology (B.Tech) in Computer Science Engineering 2020 – 2024
Solapur University *CGPA: 9.02*

Certifications: AWS Certified Cloud Practitioner (CLF-C02) | GenAI with LangChain & HuggingFace | ML Specialization, Coursera
