Yash Kolekar

AI/ML Engineer | Data Scientist | Generative AI, RAG & AI Agents | Python, FastAPI, AWS

Phone: 8883160707 | Email: yash.kolekar1010@gmail.com | Location: Pune, India
LinkedIn: linkedin.com/in/yash-kolekar-736164216 | Portfolio: yashkolekar1010-cmyk.github.io

Summary

AI/ML Engineer and Data Scientist with 2+ years of experience building production Machine Learning, NLP and Generative AI systems: Retrieval-Augmented Generation (RAG) pipelines, AI agents and LLM applications, owned from data preparation to deployment with FastAPI, Docker and AWS. Immediate joiner; open to hybrid and remote roles.

Skills

Programming & Data: Python, SQL, pandas, NumPy, Git, MySQL, PostgreSQL, MongoDB, ETL, data preprocessing
GenAI & Large Language Models (LLMs): LangChain, LangGraph, CrewAI, prompt engineering, LoRA/PEFT fine-tuning
AI Agents & Retrieval: AI agents, tool/function calling, RAG, embeddings, semantic search, Pinecone, FAISS
ML, Deep Learning & NLP: Scikit-learn, PyTorch, TensorFlow, XGBoost, HuggingFace Transformers, NLP, forecasting
Backend & APIs: FastAPI, RESTful APIs, microservices, PyTest, Flask (basic), Node.js (basic)
Cloud, DevOps & MLOps: AWS, Docker, Jenkins, CI/CD, MLflow (basic), Kubernetes (basic), model monitoring
Data Science: Feature engineering, model evaluation, EDA, statistical analysis, A/B style experimentation
Methods & Practices: Agile/Scrum, solution design, code reviews, unit testing, documentation, client support

Experience

Data Scientist Sep 2026 – Present
Infosys *Bengaluru, India*

- Builds and evaluates ML models: data preprocessing, feature engineering, model tuning
- Develops LLM chatbot and RAG retrieval components over enterprise operations data
- Partners with cross-functional client teams on solution design and production support

AI Engineer (6-month Contract) Apr 2026 – Sep 2026
Webcrypt Technology *Pune, India*

- Developed GenAI applications: RAG systems, AI agents and LLM-powered chatbots
- Built agent workflows with tool calling using LangChain, LangGraph and CrewAI
- Optimized RAG pipelines: document chunking, embeddings, semantic search, context tuning
- Improved LLM accuracy via prompt engineering, retrieval tuning and LoRA fine-tuning
- Shipped FastAPI services for AI/ML models, containerized on Docker and deployed to AWS

ML Implementation Specialist Jan 2025 – Mar 2026
HotelKey Ind Pvt Ltd *Nagpur, India*

- Implemented RAG chatbots and NLP applications over high-volume enterprise data
- Deployed FastAPI microservices serving Machine Learning models in production
- Designed SQL and ETL pipelines for extraction, transformation and model-ready datasets
- Automated build, test and release workflows with Jenkins, Docker and CI/CD pipelines
- Worked onsite with client teams on rollout, troubleshooting and PyTest reliability

Associate AI Engineer Feb 2024 – Dec 2024
Starlite Infotech *Pune, India*

- Developed Python applications and scripts supporting internal AI/ML workflows
- Built and evaluated baseline ML models for classification and regression tasks
- Performed data cleaning, preprocessing and exploratory analysis for experimentation
- Worked on NLP text processing: tokenization, embeddings and search prototypes
- Wrote SQL extraction queries and integrated ML scripts with backend REST APIs

Projects

Enterprise RAG + AI Agent Platform *LangChain, LangGraph, OpenAI, Pinecone, FastAPI, AWS*

- Built a production-style RAG and multi-agent platform with retrieval, tool calling and APIs

Student Enrollment Assistant Agent *Python, LLM tool/function calling, agent loop*

- Designed an admissions agent with three custom tools, multi-turn memory and human escalation

QuantScan PRO *Python, Scikit-learn, FastAPI, MySQL, React*

- Implemented a predictive scoring engine with feature engineering and model-driven ranking

Education & Certifications

Bachelor of Technology (B.Tech) in Computer Science Engineering 2020 – 2024
Solapur University *CGPA: 9.02*

Certifications: AWS Certified Cloud Practitioner (CLF-C02) | GenAI with LangChain & HuggingFace | ML Specialization, Coursera
